

ROBERT D. BIELECKI FOUNDATION

is proud to announce an unrestricted
grant of \$15,000 to pianist Matthew Shipp.

...because as beneficiaries of his genius, he deserves our gratitude

...because a single note or chord defines a voice of profound originality

...because he inspires us to seek new frames of reference every time he performs

...because he fearlessly speaks his mind on and off the bench

...because his music is as relevant to the museum or gallery as it is to
the club or concert hall

...because the elasticity of his swing rejects the austerity of convention

...because if you're late to the party, consider this your invitation

Thank you Mr. Shipp.

Whatever's next, we'll be listening.
